

Doctors for Asthma Integrated Pest Management

Eligibility & Referral Guide

The Doctors for Asthma Integrated Pest Management (Doc AIM) is a free integrated pest management (IPM) service for children and adolescents 0-21 years old, diagnosed with asthma. IPM services have been proven to reduce asthma symptoms in children and reduce emergency room and hospitalizations due to asthma. Doc AIM works with CABS Network to provide coordination of IPM services in a timely fashion.

Eligible children must meet the following criteria:

Must be 0 to 21 years old

Reside in NYC

Have stable housing

Meet 1 of the 2 clinical criteria:

1. Recent hospitalization or observation stay with an asthma diagnosis.
2. At least 2 hospitalizations or emergency visits in the last 12 months with an asthma diagnosis.

Immigration, insurance, and landlord consent are not collected for this program.

There are 3 main ways you can refer to CABS Health Network for IPM services:

Email the PDF or excel form to cabsMTIA@cabshomecare.org

Fax the PDF or excel form to **718-889-7113**

Refer to Doc AIM (CABS) on  **UNITE US**
